NORMALS VS. DRURY

WILL PLAY TWO GAMES AT SPRINGFIELD WHILE AWAY.

LEFT THIS AFTERNOON

Springfield Normal Game Friday and Game With Drury Monday—15 Men Take the Trip.

The Normal football team leaves this afternoon for Springfield, where they will play two games before returning home. The first game will be played Friday afternoon with the Springfield Normal team, the second game Monday following, with Drury College.

Anticipating their visit to Springfield for the Normal game, athletic director Hanson was in receipts this morning of an invitation from Drury to stay over and play a game with them on Monday. Drury plays St. Louis University at St. Louis on Saturday, allowing one day's rest for the Druryites and two days for the Maryville team. Director Hanson decided to accept the invitation — hence the two games at Springfield.

Coach Palfreyman will accompany the following men who will be in the lineup in the two games: Brown, Hartley, Lawton, Nicholls, Wells, Richards, Shilt, Peters, Evans, H. and C. Sawyers, Daniels, McMahon, Miller and Pickens.

Monday and Tuesday the Normals put in some extra sessions in practice, both in scrimmage and signals. The squad got down to hard work and if they keep up the pace set in these last workouts, there need be no fear of a repetition of the score last week in the Graceland game. The Normals will exert every effort to win from the Ozarkers in the opening game of the intercollegiate season.

The Democrat-Forum will, as usual, receive the returns from both games.

TWO "WAR BREAD" RECIPES

Miss Hettie M. Anthony Gives Directions For Making and Baking This Newest Loaf.

With food conservation one of the problems of the housewife, the saving of wheat flour is an important item. Many women in Maryville and in the rural districts have become interested in making "war bread," the announcement of a special prize to be awarded at the domestic science exhibit at the corn show has served to increase interest. Miss Hettie M. Anthony, of the home economics department of the Normal school, is an authority on this newest kind of bread and offers the following tried recipes:

War bread can be made by using any bread recipe and substituting for the wheat flour, one-third of some other flour, such as bran, graham, cotton seed meal, whole wheat, etc.

If the cotton seed meal is used, decrease the amount of fat about one-eighth.

Cornmeal Bread.

Put one cup of cornmeal in a bread bowl, pour over it two cups of scalded milk or one of scalded milk and one of boiling water; add two tablespoonfuls of shortening, two tablespoonfuls of sugar and one teaspoonful of salt. When lukewarm, add one-third cake of compressed yeast, mixed with half a cup of lukewarm water and wheat flour, for a dough (about five or six cups). Knead until smooth and elastic. Set aside, covered, out of drafts overnight. Shape into two loaves. Bake about one hour.

Bran Drops.

Mix two cupfuls of bran with one cupful of wheat flour, one teaspoonful of baking soda, two tablespoonfuls of sugar, a quarter of a teaspoonful of salt, one well-beaten egg, half a cupful of molasses, one cupful of milk and one cupful of seeded raisins. Drop by tablespoonfuls on greased tins and bake in a moderate oven for from fifteen to twenty minutes. Dates or figs may be used instead of raisins.

Mr. and Mrs. H. M. Heath of Minneapolis, Minn., arrived in Maryville yesterday to visit at the home of Mr. and Mrs. J. L. Ritze, where they are guests of their daughter-in-law, Mrs. Clara Heath.

WORK ROOMS FOR RED CROSS

Basement of Library Will Be Fitted Up For Headquarters With Work-Tables and Cabinets.

The library board has granted the use of the library basement to the Red Cross chapter for their working headquarters. The basement rooms will be remodeled and fitted up at once, as the work rooms will probably be opened within a week.

The basement will be divided into two large rooms and storage cabinets work tables and other necessary articles will be installed.

Mrs. George P. Bellows will have charge of the work and is now in Kansas City studying Red Cross work. Miss Betty Turner, who has been appointed to head the work in the Northwest Missouri district, is now in St. Louis taking special instruction.

Each of the National Surgical Dressings units which were organized in Maryville, have made application to form Red Cross auxiliaries. The last shipment of dressings made by these units and those of the surrounding country, will be sent this week, and in the future all such work will be done under the direction of the Red Cross.

OUR POTATO CROP $390,000

Production of Tubers in Nodaway Is Doubled This Year Over Any Previous Yield.

Nodaway county is not going to experience a shortage in potatoes this year, it being estimated that the crop is more than doubled over any previous year. With tubers selling at $3 a bushel less than a year ago, they can now be had around $1.30, which means a big saving. The county's largest previous crop was about 140,000 bushels with 1,574 acres having been planted; this year it is estimated that over 3,000 acres were planted in potatoes with a yield of approximately 300,000 bushels, which at the present market price would make the crop worth about $390,000.

The government crop report sent out this week, among other things shows that the production of potatoes in the United States for 1916 was 285,437,000 bushels, while this year it is 452,000,000. It is estimated that the consumption of potatoes in this country is two bushels per capita, making something over 200,000,000 bushels. The question is, what is going to be done with the more than 200,000,000 additional bushels?

WAGNER AWARDED DAMAGES

Jury Returned Verdict for $219—Yeager Out on Bond With Case to Go To High Court.

The case of Chas. D. Wagner against Frank Ware ended yesterday in circuit court when a jury awarded the plaintiff damages in the sum of $219.00. Wagner sued Ware for corn alleged to have been sold and which Ware, it was claimed, refused to take. The jury was composed of William Davenport, Fred Wright, Frank Johnson, Joseph Alexander, L. A. Nigh, Lee Teson, James McGinness, Charles Eckert, George Goff, John Behm, Frank Morin and Alfred Sturm.

Robert Yeager, convicted of the theft of a motor car, was released on bond, following the granting of a motion to appeal the case to the state supreme court.

Little of any consequence was done in court today beside hearing one or two arguments on motions for appeals.

FILMS FRIDAY NIGHTS, TOO

Christian Church Has Added Another Feature Under Auspices of the Sunday School.

An even larger crowd than attended the first picture show at the Christian church was there last night to see "The Royal Pauper," a five reel picture and "Soldiers of the Sea," an added picture of life in the navy.

That the showing of high class censored pictures has taken held, it is announced that each Friday night four or more reels of interesting pictures will be shown at the church — this in addition to the lyceum course pictures. The Friday night programs are under the auspices of the Sunday School and a general charge for admission has been placed at five cents. The Friday night programs are not included in the lyceum course.

Mrs. Rankin Lyle left yesterday for Omaha, where she will visit her son, C. O. Lyle.

EXHIBITS BY GIRLS

DISPLAY IN DOMESTIC SCIENCE CLASSES CALL FOR MORE ROOM.

$201 TOTAL CASH PRIZES

School Girls From All Over Nodaway County Will Compete in Sewing and Fancy Work.

The corn growers and farmer boys with their exhibits of corn and grains are not going to monopolize the space allotted at the agricultural and domestic science show November 1-3. For girls from ten to twenty years of age there are classes in sewing, bread making, aprons, dressed dolls, darning, candy, cake, etc., in which the total cash prizes aggregate $201.25. Some of the first prizes are worth as much as $7, $8 and $10, with first, second, third and fourth money.

On account of the increased number of exhibitors who will show their handiwork at the coming show extra space has been arranged for and the largest array of exhibits ever shown in these classes will be seen at the November show.

One of the features of the show will be a "war bread" baking contest in which the first prize will be $7.50, second $5, with third, fourth and fifth awards making a total of $16. There promises to be a number of contestants in this event as demonstrations at various places in the past week have given the women and girls sufficient information to enable them to bake a good "war" loaf.

In the miscellaneous section there are classes for exhibitors of pumpkins, squash, watermelon, potatoes, cabbage, turnips, etc., while classes for all variety of apples and other fruit grown here will give successful exhibitors good cash prizes.

In the domestic science classes each girl who enters an exhibit will be given a handsome souvenir.

FEAR LOAN WILL FAIL

TREASURY OFFICIALS BELIEVE MARK WILL NOT BE MADE.

CAMPAIGN LAGS HERE

Nodaway's Apportionment Will Not Be Reached, It Is Certain—No Report From Banks.

Special to The Democrat-Forum.

Washington, Oct. 17.—With fourteen working days gone and only ten more to come, Liberty Bond sales were believed by treasury officials to have touched the 1 billion dollar mark, a result which has led them to wonder if the 5 billion hoped for could be attained in the final days of the campaign.

"Committees in almost every part of the country will wire encouragingly they can make their maximum totals," says a Treasury Department statement. "Possibly they can, but either they are concealing their actual sales —which is not believed to be the case —or there must be some unexpected spurt in the offering.

"Certainly there is little about the sales thus far to warrant great confidence the 5 billion dollar mark will be reached."

George B. Baker, chairman of the Nodaway County Bankers association was unable to say today the extent of subscriptions that have been made to the issue, the county bankers having made no report of their sales. Inquiry at some of the city and country banks failed to show any considerable number of subscriptions and a conservative estimate of the amount subscribed to date in the city and county would probably fall well below $50,000.

The sale of the second Liberty Loan bond issue at this time has been hailed in many quarters as being particularly timely. This applies especially to people who are anxious to make Christmas gifts of unusual value because they will be able, by making small payments from time to time, to acquire Liberty Bonds before the arrival of the holiday season.

CONGRESSMEN GO TO EUROPE

Special to The Democrat-Forum.

Washington, Oct. 17.—Ten members of congress traveling in unofficial capacity, but carrying special passports arranged for by the state department are on the way to Europe to visit the war fronts and fraternize with the parliamentary representatives of the Allies. In the party are Representatives, Dale, Vermont; Taylor and Timberlake, Colorado; Hicks, New York; Johnson, Dill and Miller of Washington; Goodwin, Arkansas; Stephens, Nebraska, and Parker, New Jersey; former Rep. Sout of Montana; and Ross L. Hammond, Fremont, Neb., editors, and others.

The visit is a development of the recent cabled and personal invitations of representative members of the British and French parliaments for closer affiliation of the parliamentary bodies of the Allied governments through personal conferences at the British, French, and Italian capitals.

Special to The Democrat-Forum.

Washington, Oct. 17.—A seventeen million dollar munitions tax fraud has been uncovered by the treasury department. ALL IN THE SAME BOAT

NEXT QUOTA NOV. 10

FORWARDING FINAL CONTINGENT WILL BE DELAYED.

2ND CALL IN DECEMBER

With All of First Increment Under Training by Thanksgiving, 500,000 More Will Be Taken.

Special to The Democrat-Forum.

Jefferson City, Oct. 17.—Movement of the final 15 per cent of Missouri's drafted men to Camp Funston, Kan., will take place the 10th of next month. It had been planned originally to send away the final 15 per cent today but the necessity of moving negro registrants to camp caused alteration of arrangements.

According to present plans the negroes will be forwarded to cantonments October 27. When the second 40 per cent draft quota was moved the first of this month many Missouri wards and districts were unable to supply their quota in white men because of the large negro population in their districts. When the negroes have departed for Camp Funston Missouri will have 85 per cent of its quota there.

Forwarding the final 15 per cent about the 10th of next month will complete the quota for the state. The War Department expects to have the nation's entire allotment under training by Thanksgiving.

Many expect a call for the second draft of 500,000 in December, but no official announcement to that effect has been made.

IS GAY WITH COLOR

PATRIOTIC SCENE AT ST. PATRICK'S BAZAAR.

400 AT DINNER TODAY

Various Booths Are Attractively Decorated and Are Well Patronized —Tomorrow Last Day.

Today and tomorrow the women of St. Patrick's Catholic church are holding their annual bazaar in the church basement.

In the halls gayly decorated with red, white and blue bunting, the American flags and bright hued flowers crowds of people are pushing their way to the various booths, at which they supply themselves with the many necessities to be found, or making their way to one of the five long tables so crowded with delicious foods, which demonstrate the culinary powers of the women, who make these bazaars a success each year.

At each of the four booths a number of girls and women stand ready to wait upon the people that throng the halls. At the variety store, which is in charge of Misses Mary and Bertha Tobin, one may find vegetables, fruits, delicious and tempting candies, fresh cider, and men's and women's wearing apparel. Also one may buy a chance on the pretty electrolier, which was donated by the Maryville Furniture Company and a beautiful rug donated by John Price of the Price & McNeal Furniture store.

Mrs. G. R. Cornelius has charge of the fancy work booth, and there is found a beautiful assortment of crocheted yokes, embroidered and crocheted towels, centerpieces of cluny lace all of which make suitable Christmas gifts for your dearest friend.

Mrs. Adolph Lippman, Misses Katherine Barry and Ella O'Grady have charge of the comfort and apron booth which is one of the most popular booths in the room. Every kind of apron from the large gingham apron to the daintily embroidered sewing apron, with the clothes pin apron included may be purchased here. The comforts are also a drawing card at this booth, for many are thinking of the cold and blustry nights that are drawing near.

About 400 persons were present at the chicken dinner today. A chicken supper will also be served this evening. Roast pork and beef will be on the menu tomorrow for both dinner and supper.

Discontent Among Men on Dvinsk Front—Refuse to Go Back After Furloughs—Many Executed.

Special to The Democrat-Forum.

London, Oct. 17.—With three of the six islands at the entrance to the Gulf of Riga in possession of the Germans, the naval actions between the German and Russian fleets are still in progress in these waters, according to reports from Petrograd and Berlin today. The advices from Berlin deal mostly with the operations on land while Petrograd told of the gallant resistance of the Russian fleet being under the difficulty of fighting against superior units. Nine Russian torpedo boats the Grom and Agerman were sunk and the Russian gunboat Chadbris was damaged in action at Soela Sound. Another report stated that two German torpedo boats were destroyed and others damaged by the Russian shell fire. Berlin said the capture of Serl was expected hourly.

Petrograd, Oct. 17.—Increasing discontent is being noted among the German armies on the Dvinsk front, according to German prisoners that have been captured and from information received by the Russian general staff and from other reliable sources today. Many German units, especially the artillery and engineers are affected by a spirit of unrest. The German soldiers have refused to accept new winter uniforms or to return to the trenches after leaves of absence have expired. Court martials have been busy and many executions have taken place ,the information says.

WAR TO AMERICAN SHORES?

London Hears That Germany's Ruthless U-Boat Warfare is to Be Brought Across Atlantic.

Special to The Democrat-Forum.

Landon, Oct. 17.—Germany may soon extend their ruthless submarine warfare to American waters. That such action is contemplated by the German admirality is indicated in a radiogram from Berlin, stating that the coasts of the United States, Canada and Cuba will soon be declared war zones.

Washington, Oct. 17.—The navy department let it be known today that it does not consider the reported intention of Germany to declare American waters as being in war zones, as of any real significance. Ever since the war the government has looked upon all waters touching American territory as war zones and has taken steps to protect itself in such zones.

Kansas City Live Stock Letter.

Special to The Democrat-Forum.

Kansas City Stock Yards, Oct. 17—Cattle receipts today were 41,000 head, market 10c to 25c lower, top steers $13.75. Hog supply was 9,000, market 25c lower, more on the late market, top $18.35. Sheep and lamb supply was 16,000, largely feeders, market 25c lower, lambs to killers $17.50.

Beef Cattle.

Cattle sold 50c to 60c lower at the end of last week than at the beginning, due to heavy runs at all markets. The supply at Kansas City was 100,504 cattle without counting the 10,690 head of calves that arrived. Cattle receipts here last week established a new world's record for a week's supply at any market, exceeding Chicago's best week about 5,000 head. The break in prices is not disastrous, and trade is far from being demoralized. Some plain Kansas steers sold at $9.65 today exactly like their mates that sold here last Tuesday at $9.75. Another sale at $10.25 was 15c lower than some cattle last week. Cows and heifers lost as much as steers in the recent decline, but veals are holding steady, best $13.50.

Stockers and Feeders.

Shipments out of the country last week amounted to 46,000 head, largest week this season, but a good many cattle priced at bargain rates were unsold and carried over to this week. Stock grades are selling cheapest, good Shorthorn yearlings around $7.00 a load of fancy Shorthorns late last week at $7.75, but high bred White Faces bring a good premium, some choice 700lb yearlings today at $10.25. Feeding steers find a fairly quick outlet at $8.50 to $11.00, fleshy steers up to $14.00.

Hogs.

Packers got their hooks in good late last week, and took the market down $1.00 in two days. It looked like a steady market at one time this morning, and some hogs sold to order buyers only slightly lower than the close of last week, but the market soon settled to a 25c lower basis, late bids 25c to 50c lower. Top was $18.35, some medium weight hogs to order buyers at $18.25, but plain half fat mixed butcher hogs sold at $17.25 to $17.50. Today's market is $1.25 to $1.50 lower than last Tuesday, with uncertain prospects for later in the week.

Sheep and Lambs.

The market went along without much change last week, but this morning buyers got orders to buy at sharply lower prices. Accordingly the best price paid by killers up to noon for good Westerns was $17.50, with a possible $17.60 sale later. Feeder buyers also lacked steam today, one drove of black face Colorado lambs 52lb average at $17.60, the top on feeding lambs, most of the good feeders at $17.50. Good breeding ewes are scarce and firm, 301 head of Colorado ewes 122lb average today at $16.00, choice young ewes up to $17.50, plainer ewes $13.00, feeders $10.00 to $12.00.

Primitive Nitrate Working.

The nitrate caves in the South were worked during the Civil war by very crude methods. Generally the cave earth was shoveled into iron pots, where it was treated with water and heated over wood fires to leach out its soluble parts. The liquor was drawn from one pot into another, and used for treating fresh material until it became a highly concentrated solution of nitrate salts. It was then drawn off and allowed to cool, whereupon the nitrate crystalized. The remaining liquor was then employed to leach fresh material and the crystals were separated and sacked for use.

Avoid This Bad Habit.

The habit of exaggeration is one of the hardest to correct. The girl who falls into the way of overemphasizing every statement, find the plain truth very tame indeed. And she little guesses how tiresome her exaggerated statements become to her listeners. Watch your speech for signs of this fault so prevalent in the speech of modern girls.

DR. D. J. THOMAS.

I Love My Turnip Grove.

I am a city garden fan. I love to dig and toil, and do the best a mortal can to till the fruitful soil. I love to clip the artichokes from sturdy cabbage vines and gather beets from which my folks may make the choicest wines. I look about with smiling eyes whene'er I take a walk and see the squash and pumpkin pies that grow on every stalk. Another thing I dearly love, and do with keenest zest, is rambling through my turnip grove, with some admiring guest. I love to climb and onion tree and gather luscious fruit. Beyond all else it pleases me to take a gun and shoot potato bugs that eat my beans and white-pine blister-moths that make attacks upon my greens, like vicious Huns or Goths. When first I started out to work this garden stunt of mine the neighbors used to scoff and smirk and laugh at my design. But now the joke's the other way, for since these scoffers see how I have dodged the rainy day they laugh no more at me. They see the store of stuff I've canned, the store of stuff I've dried, and wish that they had also planned to be so well supplied. They know that I'll not have to feed on grocer's pork and beans. They know that no food gambler's greed can strain my meager means. They know I'll feel no winter's pang—that I'll be living well when they are wrestling with the gang that makes the H. C. L.

Putting Honesty in Taxation.

The following from a recent issue of the Centralia Courier is a straw showing which way the winds of public sentiment are blowing:

"The Tax Commission looks good to us. Its task is a hard one, their duty takes them along paths anything but pleasant. But having put their hand to the plow they show no hesitation or sign of looking back. Assessments at full and fair value is the law and they are living up to the law. This does not mean higher taxes ultimately, as the demagogue would have you believe. It means in the end lower tax rates and lower taxes, because it will bring in a lot of property that is now escaping taxation. Too long we have played to the gallery on the subject of taxation. It is high time that the whole rotten makeshift was thrown overboard and a fair system inaugurated in harmony with the law. This the tax commission is trying to do. And it's up to every good citizen to get squarely behind these men and help put the law into effect. More grace and grit to the tax commission. They are standing up like real men determined to do their duty. All honor to them."

THE CIGARETTE A NECESSITY

Physician Declares It Has Become An Essential Part of A Soldier's Life.

"Speaking about tobacco and cigarettes for our boys in our army," said a well known Maryville physician this morning, "it does not take much imagination to picture the conditions in which a man has to live on the battle lines and in the camps, and it takes even less imagination to realize how much he is going to be helped in his nerve-shattering experiences in the trenches and grilling work of camp by an occasional cigarette.

"To seriously discuss the question of impaired efficiency under such circumstances is ridiculous. Very few moments occur for a peaceful smoke, what with the big shells, shrapnel, trench bombs and all the other things—not to mention going "over the top." If a soldier has any chance for a cigarette or pipe between these entertainments, who is going to be so unreasonable as to deny it to him. Not any well meaning man or woman of this country, certainly."

"The soldiers in the trenches have proved that cigarettes are now necessities rather than luxuries. No one, after hearing the thousands of stories of the pleasure and solace that the fighting men in France have derived from cigarettes, can ever doubt again that it has become an essential part of every-day life."

Even before this country joined the Allies, newspaper readers in America were familiar with the active efforts abroad to send cigarettes to the soldiers. Such campaigns were almost as important as rolling bandages and producing munitions as far as work for the comfort of the men is concerned.

It makes a very interesting point that for some years really qualified men of science have known that cigarettes were a very mild form of indulgence, and as harmless in moderation as many other things that we all do regularly. And very few are disposed to look askance at so convenient and mild a form of smoking, and above all since absorbing the facts brought out by the great war.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

An especially interesting talk was given by Mrs. Culver of St. Joseph, in which she pointed out the work which is being done for the wounded and destitute of Belgium and France, putting special stress on the fact that the hundreds and hundreds of garments that are being made and sent to these countries, are not equal to the demand, and urging the club women to help. CRISIS OF WOMAN'S LIFE

Change Safely Passed by Taking Lydia E. Pinkham's Vegetable Compound.

Wagoner, Okla.—"I never get tired of praising Lydia E. Pinkham's Vegetable Compound because during Change of Life I was in bed two years and had two operations, but all the doctors and operations did me no good, and I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound which brought me out of it all right, so I am now well and do all my housework, besides working in my garden. Several of my neighbors have got well by taking Lydia E. Pinkham's Vegetable Compound."—Mrs. VIOLA FINICAL, Wagoner, Okla.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through the crisis.

Circular Letter.

The Congress on October 6, 1917, adopted an amendment to the pension law increasing the rate of pension for a widow of an officer or enlisted man of the army, navy, or marine corps of the United States who served in the Civil War, the War with Spain, or the Philippine Insurrection, to $25 per month. This does not include widows of men in the regular army, navy, or marine corps who did not serve in said wars; it does not include the widows of men of the war of 1812, the War with Mexico, the Indian Wars, or Army Nurses, because they are not named in the amendment.

Applications are not required from those entitled.

Prompt action will be taken in the Pension Office to make payment of the increased amount.

SHOP EARLY IF YOUR GIFT GOES TO FRANCE

Christmas Mail For Soldiers Closes November 15, If Santa is to Deliver Packages.

It is essential that Christmas packages for American soldiers in France be mailed not later than November 15, in order to insure their delivery on Christmas morning, says a notice issued by the postoffice department.

Arrangements have been made for prompt delivery to the soldiers on Christmas morning.

In furtherance of this, Postmaster-General Burleson, jointly with the Secretary of War and the Secretary of the Navy, have issued the following notice to the public:

Delivery Christmas Morning.

To the public: The time is approaching to give thought to bringing Christmas cheer to the American soldiers and sailors abroad.

Arrangements have been perfected whereby the Christmas mail to the American expeditionary forces in Europe is to be delivered by Christmas morning. Without the fullest co-operation on the part of the public it will be impossible to accomplish this result.

The three essential respects in which the public can aid in assuring a happy Christmas at the front are mail early, address intelligently, and pack securely. For this reason it is urgently requested that all persons having Christmas mail for the soldiers and sailors and the civilian units attached to the army in Europe observe closely the following directions:

Directions For Mailing.

1. Mails to reach the soldiers in France by Christmas morning must be posted not later than November 15.

2. Every package must bear conspicuously the words, "Christmas mail," the complete address of the person for whom it is intended, and in the upper left hand corner the name and address of the sender.

3. Every parcel must be so packed and wrapped as to admit of easy inspection by the postmaster. No parcel will be dispatched to France which has not the Postmaster's certificate that it contains no prohibited articles.

Why So Early.

The time of sailing of transports and regular liners, the examination of parcels on this side so as to obviate their having to be examined by censors, and the uncertainty of land transportation on the other side has to be allowed for. It is essential also that the packages should contain nothing that is unmailable under the parcel-post regulations of this country; and that the parcels shall be securely wrapped, but may be readily opened by the Postmaster to determine the character of their contents.

Measures have been taken to have packages received in France, which are marked for Christmas delivery, delivered on Christmas morning. Parcels so marked will be held at convenient stations for delivery on that day. This will insure a real Christmas to our boys in France if parcels are mailed here promptly, and prevent the Christmas character of the parcels being destroyed by too early delivery.

The rate of postage on parcels to members of the American expeditionary forces in France is 12 cents per pound from any place within the United States.

Uric Acid Poisoning!

The most eminent physicians recognize that uric acid stored up in the system is the cause of rheumatism, that this uric acid poison is present in the joints, muscles, or nerves. By experimenting and analysis at the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called Anuric — which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you can obtain Anuric at any drug store and get relief from the pains and ills brought about by uric acid; or send Dr. Pierce 10c. for trial package Anuric—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.

KANSAS CITY WOMAN

Kansas City, Mo.—"Several years ago I was cured by taking Dr. Pierce's Favorite Prescription. At that time I suffered with bearing-down pains, was nervous and tired all the time. Just three bottles of 'Prescription' cured me entirely and I have been in splendid health ever since."—Mrs. S. J. Mundy, 3503 E. 18th Street.

Kansas City, Mo.—"Six months ago rheumatism settled in my left arm and shoulder. Long before that I realized that my kidneys were not in good working order. Dr. Pierce's Anuric has certainly done wonders. The pain has altogether left me and my kidneys have cleaned up in great shape."—Mrs. E. G. Hayes, 3612 Independence Avenue.

VETERANS AT VICKSBURG

Missouri's Monument in Memory of Missourians Who Fell Will Be Dedicated Tomorrow.

Special to The Democrat-Forum.

Vicksburg, Miss., Oct. 17.—Missouri's monument in memory of Missourians who fell in the seige of Vicksburg, will be dedicated tomorrow afternoon on the battlefield here.

While United States artillery stands at attention and the United States military band plays the national anthem, the monument will be unveiled by Mrs. Walton C. Smith and Miss Mary W. Woodward of St. Louis. The ceremonies will be part of a reunion of veterans of the blue and gray.

Maj. Leo Rassieur of St. Louis, president of the Missouri Monument Commission, will preside and present the monument to the government.

The monument and markers were erected at a cost of $50,000 appropriated by the Missouri Legislature. It commemorates the part 42 Missouri organizations took in the Vicksburg battle.

It consists of a pylon about 42 feet high flanked on either side by an exedra wall about 15 feet high. There is a continuous seat at the base about which are motifs of shields and torches.

On the front of each of the exedra walls is a large bronze panel representing "Attack" and "Defense." Between these reliefs is a Roman gallery surmounted by a bronze statue, "The Spirit of the Republic." Near the top of the pylon is the coat of arms of the state and above this the word "Missouri." Under the prow of the gallery is this inscription:

"To commemorate and perpetuate the heroic services, the unselfish devotion to duty and the exalted patriotism of the Missouri soldiers, Union and Confederate, who were engaged in the campaign, seige and defense of Vicksburg."

The monument and markers are of red granite. Veterans from all over the North and South today were arriving here for the exercises.

PARIS CHEERS U. S. FLAG

Stars and Stripes Still Stir Up Lots of Enthusiasm in the French Capitol.

Special to The Democrat-Forum.

Paris, Oct. 17.—The Stars and Stripes still stir up big demonstrations of enthusiasm in the French capitol, even though months have elapsed since the United States entered the war.

The grand finale at the Folies Bergere, the other night grought out the gere, the other night brought out the Allied nations a la George Cohan. The British colors and "God Save the King," brought a demonstration and a large number in the audience rose to their feet. The Italian, Belgian, Rumanian, Serbian, Russian and Portugese flags all brought applause.

Uncle Sam had the big place in the tableaux. When a pretty girl strode on the stage waving the Stars and Stripes and the orchestra swung into "The Star Spangled Banner," the house went mad. A Canadian soldier proposed three cheers for the Yanks. Uncle Sam received an ovation that would have gladdened the hearts of Americans everywhere.
